### **Children's Learning Institute (CLI):**

Developmental researchers, early childhood instructional developers, trainers and faculty who provide proven learning solutions derived from, and supported by documented research to early childhood educators in the state of Texas and nationally.

### **Texas School Ready (TSR):**

Delivers an effective, high-quality early childhood approach for at risk pre-kindergarten children. This service model provides cutting-edge professional development, mentoring, child progress monitoring and research based curricular materials.

### **University of Texas Health Science Center of Houston (UT Health):**

The University of Texas Health Science Center at CLI combines data and studies from the field of psychology, neurodevelopment, education and child development to provide proven learning solutions derived from and supported by documented research.

### **Collaborative for Children:**

Collaborative for Children is dedicated to building a strong educational foundation for children (birth to six) to succeed in school and life. Collaborative for children focuses on early care and education for young children and partners with families, teachers, care providers, and community-based groups.

### **Texas Education Agency (TEA):**

Progress tracking of children is rolled in the Texas Education System.

### **Workforce Solutions (NCI):**

Provide services of job referrals, job listing, resume assistance, Internet access, copier/fax/telephone/computer use, resource library, computers tutorials, labor market information, job search workshops, community research and childcare assistance, career exploration and planning, career guidance, education and training scholarships. Eligibility requirements will apply. 1-888-469-5627 or [www.wrksolutions.com](http://www.wrksolutions.com)

### **Texas Department of Family and Protective Services (TFDPS):**

Regulates and monitors entities providing care for children.

### **Early Childhood Intervention (ECI):**

Supports families of infants and toddlers (birth to 36 months) through education, family support, and learning activities. ECI has baby and toddler specialist in every area of child development. Your local easy program or answer questions and set up a free screening. 1-800-628-5115 or [www.dars.state.tx.us/eis](http://www.dars.state.tx.us/eis)
